Thank you, both! Once LRG staff submits invoices from approved agencies, how long do you anticipate it taking for LRG to receive that funding to issue to them?

I'll send you a new Vendor Management Form. Thanks!

Christina,

Good morning...

I spoke with Diane Durrence regarding the \$60 an hour cap for personnel related expenses, and contrary to what was discussed in our initial meeting, she indicated that she could find no reference in either the legislation or contract which limits the hourly charge amount for personnel related expenses. Now to your second question, I am assuming that you want to replace your bank account of record with a new one, correct? If so, I will need to send you a new vendor management form to complete...please let me know if this is the case.

Thanks,

Mark

Hi Mark,

I hope you are doing well! Just wanted to touch base on a few things. Can you confirm that there is a cap of \$60 per hour for all personnel related reimbursements? We discussed this during our meeting and I wanted to make sure we had that down correctly as I'm sure agencies will primarily apply for personnel in their grant requests.

We are just about ready to invoice for the first installment of the grant software purchase which will be \$8,000. The next installment will be a final \$5,000 payment.

Also, we would for our grant dealings to operate out of a separate bank account to aid in clean accounting. Is it possible for you all to use that account instead of the one that you currently have set up?

Lastly, was there anything else that you needed to update us on from the questions we had at the meeting? I appreciate your help!

Thanks,

Christina Middleton
